### VST Neurologists Update

#### Welcome to Dr Tom Oxley

We are pleased to welcome Dr Tom Oxley to the VST on call neurologist roster.

Dr Oxley is completing a stroke fellowship at the Royal Melbourne Hospital. His role at the Royal Melbourne Hospital involves advanced acute stroke decision-making for thrombolysis and mechanical clot retrieval.

He has an interest in interventional neurology and will commence an endovascular neurosurgery fellowship in the Department of Neurosurgery, Mount Sinai Hospital, New York City in 2015.

Dr Oxley's credentialing application was recently approved by Professor Geoffrey Donnan, Chair of the VST Steering Committee. Dr Oxley's first rostered VST shift is on 11 June 2014. Please join us in warmly welcoming him to the team.
